

ENERGY STORAGE INDIA

CONFERENCE OVERVIEW

5TH INTERNATIONAL CONFERENCE &
EXHIBITION ON ENERGY STORAGE
& MICROGRIDS IN INDIA

EXPO & CONFERENCE

January 11 – 12, 2018

INDIA HABITAT CENTRE, NEW DELHI, INDIA

PRE-CONFERENCE WORKSHOP

January 10, 2018

INDIA HABITAT CENTRE, NEW DELHI, INDIA

JANUARY 10, 2018 - WORKSHOP

Energy Storage Technologies & Applications

Manufacturing Advances, Energy Storage Components, Raw Materials, Equipment

Safety - Standards - Testing - Recycling - Certification

Micro-grid Workshop

Designing and Modelling of Energy Storage Projects

JANUARY 11, 2018 - CONFERENCE

Regulatory and Policy Framework

Renewable (Solar and Wind) Integration Challenges and Solutions

Back Up Power (Energy Storage for Critical Infrastructure) &
C&I Establishments, Telecom Infrastructure, Railways, Defence, etc.

Microgrid, off-grid Solutions and Rural Electrification

Smart Cities and Smart Grids

International Energy Storage Case Studies

Innovation and R&D in Energy Storage

JANUARY 12, 2018 - CONFERENCE

Energy Storage Manufacturing (Make In India)

Energy Storage Software, Power Electronics, PCS, BMS and Inverter

Energy Storage for Utility Applications (Ancillary Services in India)

Electric Mobility & Electric Transportation

Emerging Applications

Investment & Financing in Energy Storage Projects
