6th Edition of Energy Storage India demonstrated power packed sessions to drive India's Energy Storage Leadership on world map

Energy Storage India 2019- International Conference & Exhibition brought together investors, decision makers, influencers & service providers under one roof

January, 2019, New Delhi; Implementation of National Energy Storage Mission has become India's priority to secure the leadership slot in Renewable Energy and Energy Storage on global platform. In its endeavour to drive India's ambitious National Energy Storage Mission, Energy Storage India (ESI) demonstrated power packed sessions from International thinkers, industry experts, eminent industrialists and top most policy makers.

Global think tanks, Industrialists, experts and policy makers from over 25 countries shared actionable insights for India's growth in RE and Energy Storage

ESI 2019 was powered by India Energy Storage Alliance and organised by Messe Düsseldorf India and Customized Energy Solutions. The event was supported by Ministry of Electronics and Information Technology, Ministry of Science & Technology, MNRE, Government of Kerala, and NITI Aayog along with key industry conglomerates.

*Honourable Minister of Commerce & Industry, **Shri Suresh Prabhu** delivered his views emphasizing the need for Energy Storage in India, also highlighting on the need of the hour to sustainable energy and usage of energy storage at the **Make In India Session**.*

This two day flagship conference brought together eminent industry leaders, think tanks, scholars and policy makers including Shri Amitabh Kant (Chief Executive Officer, NITI Aayog), Shri Anil Srivastava (Director General, NITI Aayog), Mr. Praveer Sinha, (CEO & MD, Tata Power), Mr. Vijayanad Samudrala (Chief Executive Officer, Amara Raja Batteries), Robert Pedraza (President, EnerBlu India & MENA Region), Anant Nahata (Managing Director, Exicom Power Solutions), Dr. A.K. Jindal (Vice President and Head Technical Commercial, Vehicles Engineering Research Center, Tata Motors), Mr. Naveen Munjal (MD, Hero Electric), Mr. Anil Gupta (MD, Okaya), Ms. Hemalatha T. R.(MD, KELTRON, Govt. of Kerala Undertaking) amongst others.

ESI 2019 was privileged to have the support of Ministry of New & Renewable Energy, Ministry of Science & Technology, Ministry of Electronics & Information Technology, NITI Aayog, and Government of Kerala for being the Principle Supporters,

The exhibition emerged as a good platform for exhibitors to dig deeper into the Energy Storage market, reach clients and enlarge the customer base both on local as well as global grounds. The exhibitors received a positive feedback from industry leaders, government officials and other stakeholders. In totality, the forum brought together around 50 exhibitors, 100 industry experts and 767 attendees from 11 countries.

The highly interactive Conference & Exhibition succeeded in establishing meaningful connections between Policymakers, World-renowned experts, thought leaders and industry stakeholders to contour the adoption of energy storage in India. The event showcased real-world innovative solutions, cutting-edge technologies and proven strategies in Energy Storage space that India would need to implement the awaited National Energy Storage mission.

ESI 2019 expresses sincere thanks to all the partners for their support in making the 6th edition a huge success and marvellous execution of the event.
